

Why should *YOU*, an AMMI Canada member, support the CFID/AMMI Canada fundraising initiative?

- Because CFID and AMMI Canada are committed to working closely together to optimize funding opportunities for you across a broad spectrum of initiatives.
- **Because CFID works for you.** Our current menu of annual awards (2), pilot grants (1) and summer studentships (3) have all been awarded to AMMI Canada members or their trainees in the past three years. We want to offer you more of these awards and to create new funding opportunities.
- **Your donation will be matched by our partners**, to multiply the effect of your donation
 - **Your gift of \$100 could mean an additional \$100 to \$300 in corporate donations to CFID.**
- **You will receive a charitable donation tax receipt**, another way of allowing you to be more generous with your donation and to help the cause at the same time.
- Because CFID is the only charitable foundation supporting research and education in infectious diseases in Canada.
- Because AMMI Canada is a national resource of highly-qualified experts in the field, who can apply creative thinking to problems in every sphere of infectious diseases and help determine the necessary solutions.
- ***Because your research and clinical practice will benefit.***
- ***Take this opportunity to be a partner in seeking novel solutions in infectious diseases.***
 - **We cannot make this important project happen without your help in the form of your most generous donation. Please dig deep and provide your best support for this critical initiative.**
