

## Why should *MY ORGANIZATION* support the CFID/AMMI Canada fundraising initiative?

- **Because CFID and AMMI Canada are committed to working closely together**
  - **CFID** is the only charitable foundation supporting research and education in the prevention, diagnosis, control and treatment of infectious diseases in Canada.
  - **AMMI Canada** is a national resource of highly-qualified experts in the field of infectious diseases. These experts can find solutions to the problems in ID.
- **Because infectious diseases affect the good health of you and your employees**
  - Many infections can be prevented by vaccination, optimal hygiene, and knowledge of disease transmission.
  - Many infections will be better treated when we apply innovative solutions to the problem of increasing antimicrobial resistance.
- **Take this opportunity to be a partner in seeking novel solutions in infectious diseases**
  - Your matching donation will make each dollar contributed by a member of AMMI Canada go much further in achieving these objectives.
  - Your organization will receive a **charitable donation tax receipt**.
- **Additional benefits to your organization**
